

THE IRISH SURVEY OF STUDENT ENGAGEMENT (ISSE)

Institution name: Institute of Art, Design & Technology

Results of ISSE 2017

A: Context

Development and implementation of the Irish Survey of Student Engagement is driven by the intention to inform, support and encourage quality enhancement. The survey takes place each February – March and is open to first year undergraduates, final year undergraduates, and postgraduate taught students. Twenty seven institutions participated in 2017.

The ISSE reflects many aspects of students' experiences in higher education. It is designed to focus on student engagement, namely the amount of time and effort that students put into meaningful and purposeful educational activities and the extent to which institutions provide such opportunities and encourage students to engage with them. The data collected reflects students' self-reported perceptions of their experiences and this data set is one of many sources of evidence available to institutions to inform their enhancement activities.

The ISSE national steering group regards the comprehensive nature of data gathered as a key strength. Interpretation of detailed results requires appreciation of the local context. This means that staff and students within individual institutions are best placed to own and to interrogate institution-level data. Accordingly, any queries about these data should be directed to the individual institution in question. Institutions are committed to interpreting and utilising ISSE data to enhance the experiences of their students and do not support the use of student engagement results for any overly simplistic purpose that could be perceived as ranking institutions.

To aid navigation of the data, responses for many of the individual questions may be combined to create related indicator scores. These indicators scores act as "signposts" and are calculated on a scale from 0 to 60. Calculation of these scores is explained in the introductory section of the national report. No single indicator reflects the complex dimensions of student behaviour and institutional performance. Comparison of individual scores across institutions is inappropriate given that the differences with respect to mission, resources, profile and response rates. Comparison of indicator scores for various disciplines (for example, section 3.6 of the national report) illustrates the notable variation that exists between fields of study at national level. The proportion of students studying particular disciplines also influences the overall results for each institution.

The following tables provide percentage responses by year / cohort, weighted at institutional level, and the calculated score (out of 60) for each indicator.

Any queries relating to data for individual institutions should be referred to the institution in question. If there are any queries about these results, please contact isseinfo@iadt.ie

B: Indicator scores (out of 60)

Many questions contribute to engagement indicators, as shown in section C. Indicator scores are calculated on a scale from 0 to 60 using responses to the contributing question items.

Indicator	Indicator score (all respondents)
Higher Order Learning	38.4
Reflective and Integrative Learning	33.7
Quantitative Reasoning	14.3
Learning Strategies	28.1
Collaborative Learning	31.9
Student-Faculty Interaction	18.1
Effective Teaching Practices	36.5
Quality of Interactions	40.5
Supportive Environment	28.9

C: Responses to individual questions

Higher Order Learning	Responses	All Students	Undergrad - Year 1	Undergrad - Final Yr	Postgrad taught
Applying facts, theories, or methods to practical problems or new situations	Very little	8.5%	10.3%	7.3%	4.8%
	Some	25.5%	29.5%	23.4%	14.9%
	Quite a bit	36.4%	34.7%	35.3%	49.3%
	Very much	29.5%	25.5%	33.9%	31.0%
Analysing an idea, experience, or line of reasoning in depth by examining its parts	Very little	8.5%	9.4%	8.2%	4.9%
	Some	24.0%	23.9%	25.9%	16.7%
	Quite a bit	36.1%	42.4%	29.4%	32.9%
	Very much	31.4%	24.3%	36.5%	45.6%
Evaluating a point of view, decision, or information source	Very little	5.0%	7.3%	3.4%	0.0%
